1. The first part of the book is a
 description of the various
 kinds of people who live in
 the different parts of the world.
 It is divided into three parts.
 The first part is of the
 people who live in the
 north, the second part is
 of the people who live in
 the south, and the third
 part is of the people who
 live in the middle. The first
 part is the most interesting
 because it tells us of the
 many different kinds of
 people who live in the
 north. The second part is
 also interesting because it
 tells us of the many
 different kinds of people
 who live in the south. The
 third part is the least
 interesting because it tells
 us of the many different
 kinds of people who live
 in the middle.
