Collaboration (outline)	Students participated in a language and culture exchange. Students spent the first 25 minutes of each meeting using Japanese to discuss various things about American and Japanese culture and then switched and continued their discussions in Japanese for the last 25 minutes.									
Duration of Collaboration	December 1, 2022									
How to evaluate students' achievement	Students were required to do preparation before the COIL meeting by making lists of questions they wanted to ask. After the meeting they wrote a self-reflection/evaluation about how their COIL went. Both assignments were collected and graded.									
Comment	Our final COIL meeting for the year (and only one for quarter 4) was successful and students seemed to enjoy it. They were able to discuss various topics with their COIL partners in English for 25 minutes without any problems.
